To be completed by the sales staff

- Information complete
- Sales price received and receipt issued

Specimen number: _____ Date/exact time: _____ / _____ a.m./p.m.

The person named on the front of this sheet («test subject») hereby commissions ender diagnostics ag, Freiburgstrasse 251, 3018 Bern, Switzerland, company number CHE-313.908.198 («ender») as follows:

1. ender is commissioned to carry out the test for COVID-19 infection specified on the front page. Acceptance of the order by ender is automatic unless ender informs the test person otherwise by SMS or e-mail within 3 hours of submission.
2. ender endeavours to communicate the test result to the test person by encrypted e-mail within 3 hours of the test person submitting the sample. If the test result is not available within 5 hours, the test person is entitled to repeat the test without further costs or to demand a full refund of the price paid. All other claims against ender are excluded.
3. The test person acknowledges that the respective test is not 100% reliable and that false negative or false positive test results cannot be ruled out in rare cases.
4. The test person acknowledges that the offers in the test centres at Zurich Airport are only available to asymptomatic persons. Furthermore, no persons can be tested who wish to end a quarantine prematurely or who have been in contact with a person who has tested positive. Also, no receipts or reimbursement documents for health insurance companies will be issued.
5. ender is entitled to call in third parties to fulfil the order or to delegate tasks to third parties. Due to the legal requirements, ender is obliged to have the test carried out/accompanied by a certified laboratory and is liable for the correct processing of the order. With regard to the work of the certified test laboratory, ender is only liable for proper selection and instruction. For damage caused to the test person in connection with the use of the test results, ender is only liable in the event of gross negligence or intentional conduct on the part of ender. In any case, liability is limited to the price of the test.
6. The test person expressly consents to the processing of his/her personal data by ender and third parties commissioned by it and based in Switzerland and/or the EU. This data will be used exclusively for the processing of the order and will be deleted after an appropriate period. They may not be used or passed on by ender or third parties commissioned by it for advertising purposes. The test person acknowledges that in the event of a positive test result, the test laboratory is obliged to notify the competent authorities of the test result and the test person's personal details. We also point out that persons who test positive for infection with the coronavirus must behave in accordance with the instructions of the authorities (for further information see the website of the Federal Office of Public Health www.bag.admin.ch).
7. This order is completed with the transmission of the test result. Samples cannot be used more than once.
8. Any addition to, amendment of or extension of this order requires the written consent of ender and the test person.
9. This order is subject exclusively to Swiss substantive law. All disputes arising from or in connection with this order will be decided exclusively by the courts of the city of Bern.
